

GRANITE FALLS

PORCELAIN TILE

Combining a subtle blend of limestone and cement visuals, the Granite Falls glazed porcelain line creates a high-end, minimalistic and contemporary look within one outstanding product. The smooth graphics highlighted by unparalleled realism are achieved through Mohawk's patented Reveal Imaging™ technology. The floor size package features 12" x 12", 12" x 24" and 24" x 24" sizes in both matte and polished finish. Additionally, a 2" x 4" brick joint mosaic cut from the porcelain field tile is offered in a matte finish. Each floor size is available in the following eye-catching shades: Off-White, Beige, Taupe and Gray.

TruEdge technology guarantees ease of installation with precise sizing that reduces the complexity of installing modular patterns and allows for tighter grout joints than pressed tile.

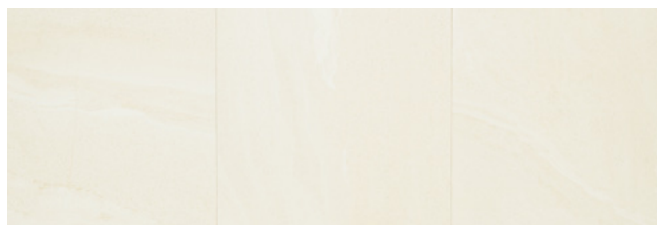

GRANITE FALLS

FEATURES AND BENEFITS OF GRANITE FALLS

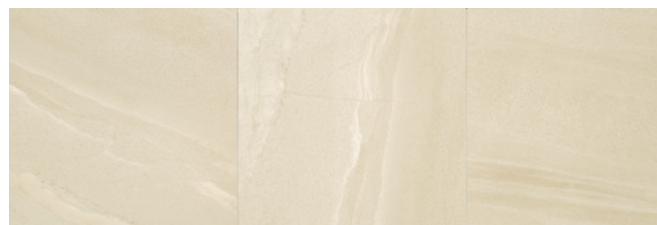

- Reveal Imaging technology for a smooth graphic appearance
- TruEdge rectified edges make Granite Falls a great choice for contemporary designs and customers who desire minimum grout joints
- PTCA certified
- DCOF ≥ 0.42 matte floor and mosaic only
- Cut 2" x 4" brick-joint porcelain mosaic at a great value price
